

Family Devotion

“How Does God Speak?”

Watt's Up:

“God Can Speak To Me In Many Different Ways!”

Power Verse:

“Listen, O heavens, and I will speak! Hear, O earth, the words that I say!” - **Deuteronomy 32:1**

This week we continue our series called “God Speaks.” It’s important our children understand that God cannot only speak to them, but how He speaks.

Ask:

- Who did God speak to in this week’s lesson?
- How did he speak to them?
- How would you feel if God spoke to you out of a burning bush?
- Do you think that got Moses’ attention?

Say:

God can speak to us in a variety of different ways. Often, if we want to hear from God we have to be listening for His voice and spending time with Him ready to hear what He has to say to us.

Ask:

- Do you remember some of the ways you learned that God can speak to us? (out loud, through miracles, through our thoughts, through others, through the Bible)
- Which way do you think is the easiest for you to hear from God?
- Which way do you think is the hardest for you to hear from God?

Say:

We learned a lot of ways God can speak to us, just like Moses’ God can use anything to get our attention, but we have to be ready and willing to listen to Him.

Share:

Spend some time discussing with your kids about the things that they think make it hard for them to hear from God. Help them understand hearing for God is possible for ALL followers of Christ, no matter how young or old they may be!

Pray:

Pray that this week your family will hear from God. Try and spend a few minutes each day praying together or sitting quietly in God’s presence facilitating an opportunity for you all to hear from Him!
